# **ELISS Competition Overview**

Susan Brigman, Section Chief ~ Specialty Programs  
Federal Program Monitoring and Support

# Legislation Context

---

- ELISS Competitive Grant Program is included in the Federal ESSER II legislation.
- General Assembly of NC utilized House Bill 196 to appropriate ELISS funds and implementation requirements:
  - \$15 million to the ELISS Competitive Grant Program
  - ELISS programs will be funded for two (2) fiscal years: 2021-2022 and 2022-2023. Funds are available from July 1, 2021 through September 30, 2023.
  - Funds must be expended in response to the written legislation

# Purpose of the ELISS Grant

---

The purpose of the Extended Learning and Integrated Student Supports Competitive Grant Program (ELISS) is to fund **high-quality, independently validated extended learning and integrated student support service programs for at-risk students whose learning has been negatively affected by COVID-19 impacts.**

# Eligibility for ELISS

---

- Nonprofit corporations and nonprofit corporations working in collaboration with local education agencies (LEAs) are eligible to apply for the ELISS grant.
- Restricts stand-alone applications from LEAs, charter schools, lab schools, or other governmental or educational agencies.

# Funded ELISS programs shall focus on the following:

---

- Deployment of multiple tiered supports in schools to address student barriers to achievement, such as strategies to improve chronic absenteeism, antisocial behaviors, academic growth, and enhancement of parent and family engagement.
- Alignment with State performance measures, student academic goals, and the North Carolina Standard Course of Study.
- Prioritization in programs to integrate clear academic content, in particular, science, technology, engineering, and mathematics (STEM) learning opportunities or reading development and proficiency instruction.
- Minimization of student class size when providing instruction or instructional supports and interventions.
- Expansion of student access to high-quality learning activities and academic support that strengthen student engagement and leverage community-based resources, which may include organizations that provide mentoring services and private-sector employer involvement.
- Utilization of digital content to expand learning time, when appropriate.

# Grant Competition Timeline

# ELISS Grant Review Process

## Initial Screening

- Screened for Basic Components and whether Applicant is in Good Standing

## LEVEL I REVIEW

- Reviewers are selected by SERVE based on their experience and knowledge
- Reviewers will use the ELISS Application Rubric to guide their scoring of applications
- Each application receives three (3) reviews/scores, which are averaged

## LEVEL II REVIEW

- Recommended applications reviewed by smaller NCDPI team
- Earned priority points are added to the Level 1 average score
- Technical review of applications and deductions (if applicable) are subtracted from total score

## LEVEL III REVIEW

- NCDPI recommends to SBE (2 top applications by 8 SBE regions, then top applications, thereafter, based on available funding)
- Upon approval from SBE, applicants notified via email and letter

# Competitive Quality Bands

---

Excellent – 87-105

Strong – 70-86

Average – 53-69

Weak – 34-52

Unacceptable (33 or below)

Total possible points, including 4 priority points, was 109

# Additional 15% of Funds

---

- After the scoring of applications, NCDPI staff then reviewed the amount of funding available and determined a cut score.
- After the cut score was applied, each of the organizations who requested less than the maximum \$500,000 per year were awarded a 15% increase or less without exceeding the maximum \$500,000 allowed per year.

# Federal Fund Matching Requirement

---

- Nonprofits must provide \$1 for every \$3 of ELISS funds (of which 50% can be in-kind contributions) in funds that are within their control/possession.
- Nonprofits are not able to claim Title I, Part A funds or Title IV funds that PSU partners were willing to spend towards activities aligned with the ELISS program.
- Because the Title I, Part A and Title IV funds are PSU funds rather than the nonprofit, they would not serve to meet the matching requirement.
- Each nonprofit has to use its own (private) funds to satisfy the match requirement. State funds cannot be used.
- Additionally, under the Uniform Guidance section 200.306(b)(5), Federal funds cannot be used to satisfy a matching requirement unless specifically authorized by Federal statute.

# Voluntary Reduction/Termination

- Work with Program Administrators prior to completing this form
- Can consider using this form if have issuing securing matching funds

# 2.G: Travel

---

- ELISS funds are allowed for pre-approved travel expenses (DPI-sponsored meetings)
- All ELISS subrecipient grantees should have written internal policies regarding travel
- If no written policy, grantees are allowed to follow Federal travel and subsistence rates established by the General Services Administration
- **Unallowable travel costs:**
  - Cost of upgrading airline seats, unless required for medical reasons
  - Travel insurance
  - Additional Baggage fees (checked or extra weight)
  - Daily pass fees for airline clubs if flights are cancelled/delayed
- **Note:** Reimbursement for plane tickets cannot be requested until round-trip travel has occurred.

# 2.1: Conflicts of Interest

- Grantees must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees, officers, agents, etc, that are engaged in the selection, award and administration of contracts.
- A conflict of interest would arise when the employee, officer, or agent, etc, has a financial or other interest in the firm being considered for a contract
- Officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts.
- The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity. (2 CFR §200.318)

## 2.1: Conflicts of Interest

- ***Note: North Carolina General Statute (G.S. 115C-12.2) defines "immediate family member" as a spouse, parent, child, brother, sister, grandparent, or grandchild. The term also includes the step, half, and in-law relationships.***

## 2.J: Procurement

- Purchases and Services of **\$10,000 or less** do not require competitive bidding
- Purchases more than **\$10,000, but less than \$250,000** must document (informal) quotes from at least 3 bids.
- Purchases more than **\$250,000** requires formal bids.
  - RFP bid or sealed bid
- ***For more on noncompetitive proposals see Section 2.J: Procurement in Grant Guidance***

## 2.K: Time and Effort Reporting

- The purpose of time and effort reporting is to certify and verify that the employee's compensation from the grant funds is commensurate with his/her percent of effort worked on the grant.
- Uniform Guidance no longer explicitly requires semi-annual certifications or personnel activity reports (PARs).
- However, entities should continue to use their current internal control system, as the the entity is still required to maintain auditable "time and effort" documentation that describes how each employee, paid in part or whole from federal funds, has spent his or her compensated time.

## 2.L: Indirect Cost: Indirect Costs vs. Direct Costs

---

- Direct costs are those costs that be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. (2 C.F.R. 200.413(a))
- An indirect cost is a cost incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to results achieved. (2 C.F.R. 200.1)
- Identification with Federal awards rather than the nature of the cost involved is the determining factor in distinguishing direct from indirect costs. (2 C.F.R. 200.413(b)).

## 2.L: Indirect Cost, cont.

- The USED has given DPI authority to issue indirect cost rates for all subgrantees. Subgrantees that receive their indirect cost rates from DPI use the rates to recover organization-wide administrative costs of managing federal grants, such as costs related to accounting, budgeting, purchasing, auditing, and payroll processing.
- Subgrantees may ***spend no more than the calculated rate*** of each year's budget on activities related to the fiscal agent's administration of the ELISS grant.
- **Documentation to support expenses for indirect cost must be maintained and provided during a fiscal monitoring or desk review.**
- Non-LEA Indirect Cost Rate for FY 2022 is **3.493%**

# Key Factor – Consistency

---

- There is **no universal rule** for classifying costs as direct or indirect under every Federal award.
- Consistency - each item of cost incurred for the same purpose is consistently treated as either a direct or indirect cost. (2 C.F.R. 200.412)
- Do not switch back and forth between direct and indirect for items with the same purpose
- Costs should be 100% direct or 100% indirect -- do not mix!
- Avoids possible double charging of Federal awards

# Charging Indirect Costs

---

- Indirect Cost Rate is a maximum percentage – grantees do not have to charge the full amount to indirect costs
- Indirect Cost Rates for ELISS program:
  - Non-LEA Indirect Cost Rate for FY 2022 is **3.493%**
  - Indirect Cost Rate can change with each fiscal year
  - Rate is not specific to a grant award but to fiscal year so grantees should always use current fiscal year's indirect cost rate when budgeting and charging indirect costs

# Examples of Allowable Indirect Costs

---

- Facilities Costs, Custodial Costs
- Utilities, Telecommunications
- Percent of Salaries for Administration, Finance/Accounting, Human Resources, Administrative/Clerical Staff
- Should be charged as indirect unless:
  - 1) integral to project or activity;
  - 2) individuals can be specifically identified with a project or activity;
  - 3) such costs are explicitly included in budget or have prior written approval from DPI; and
  - 4) costs are also not recovered as indirect costs.
- Even for these examples, if they can otherwise be charged as direct costs, for reasons such as the four listed above, then they should be itemized and expensed directly to the grant, and not be charged to Indirect Costs

# Examples of Unallowable Indirect Costs

---

- Costs that are completely unassociated with the Federal program
- Example: A ELISS grantee operates two programs, one funded with ELISS and another funded entirely by private donations. Both programs operate at independent and separate facilities. The grantee cannot charge facilities costs for the privately funded program to indirect costs for ELISS.
- Project Director or other staff directly involved in the program
- Travel for employees who are paid as a direct cost
- Materials, supplies and equipment purchased directly for use on a specific grant or project

# Resources

---

- Uniform Administrative Requirements, Cost Principles, and Audit Requirements (Uniform Guidance) – [2 C.F.R. 200](#) (200.412–415, Appendix III -- PSUs, Appendix IV -- Non-Units)
- Education Department General Administrative Requirements (EDGAR), Part 76 – [34 C.F.R. 76.560-580](#)
- [USED Indirect Cost Group](#)
- USED publication “[Cost Allocation Guide for State and Local Governments](#)”

# 4.1: Field Trips

---

- Educationally related field trips must be included in the approved budget and require DPI approval **at least 30 days in advance** of the field trip
- Educationally related field trips can take place virtually or in-person.
- Field trips must support the approved program goals and objectives listed in a subgrantee's RFP and correlate to a curriculum being implemented during the ELISS Program at the time of the field trip.
- Field trips for entertainment or recreational purposes (i.e., field trips not connected to an approved program goal or objective and not aligned with a curriculum currently being implemented in the ELISS program) are not allowable.

## 4.1.1: Field Trip Approval Due Dates for 2021-22 Program Year

---

**Fall:** Last business day in November for field trips taken November – January\*

**Spring:** Last business day in January for field trips taken February – May

**Summer:** Last business day in April for field trips taken June - August

# Considerations for Fall Field Trips

---

- Taking into consideration the time remaining in Fall, there will be flexibility with the 30 day notice requirement for programs who document contact with field trip site or planning of the trip happens at least 30 days out; when actual field trip submission is within the 30 days.
- **This consideration is only for Fall 2021.**

## 4.1.2: Field Trip Approval Process:

---

- A Field Trip Request Form for each planned ELISS field trip must be emailed to [eric.rainey@dpi.nc.gov](mailto:eric.rainey@dpi.nc.gov) **by the designated seasonal due date and** at least 30 days prior to the anticipated trip date for DPI review and approval. All field trips must be pre-approved by DPI prior to any expenditure related to the trip.
- Any proposed changes to approved field trips during the grant year must be emailed to [eric.rainey@dpi.nc.gov](mailto:eric.rainey@dpi.nc.gov) for review and approval **no later than ten (10) days prior** to the field trip.
- Subgrantees should always submit the current fiscal years field trip request form. **Please do not submit field trip requests on an old form.**

## 4.1.3: Parent/Caregivers, Chaperones and Staff Field Trip Expenses

---

- ELISS grant funds can be used to pay for field trip admission for parents/caregivers and ELISS staff members if:
  - They are acting as chaperones while attending DPI-approved field trips.
  - Parent/caregiver attendance on the DPI-approved trip is stated as a part of the Subgrantee's SBE-approved application or DPI-approved continuation application for the current grant year.

# 4.1.4: Food on Field Trips

---

ELISS Programs should partner with the school's food /nutrition department and/or other funding sources

ELISS Programs can use grant funds to purchase items to pre-make brown bag lunches **to bring on field trips**. The brown-bag lunches can cost no more than \$3.00 per lunch per student. All field trip food purchases should be detailed on your Field Trip Approval form prior to DPI approval.

Note: Chaperone and Staff food costs cannot be covered by ELISS Funds.

## 4.J: Providing Healthy Snacks

---

- All programs should pursue opportunities to access other funding sources to cover food costs/after school snacks such as:
  - National School Lunch Program
  - After School Snacks Summer Food Service Program
  - [Child and Adult Care Food Program \(CACFP\)](#)
  - Local Food Banks

# 4.J: Providing Healthy Snacks, cont.

---

- ELISS Programs may use grant funds to purchase daily nutritional snacks based on the following guidelines:
  - ELISS Program operates for **4 hours or less per day**: (1) snack per day per student allowable
  - ELISS Program operates for **more than 4 hours per day**: (2) snacks per day per student allowable
- All funds used to purchase daily snacks for ELISS Programs will **only be reimbursed up to \$0.96 per snack per student**. Any costs over \$0.96/snack will need to be covered by another non-ELISS funding source.

# Federal, State, and Local Statutes

- Program conducts criminal background checks for all staff, direct service contractors, and volunteers, PRIOR to working with students
  - Run against national and state criminal databases including North Carolina Sex Offender Database and National Sex Offender Database
  - Statewide criminal background checks must include all states in which the employee or volunteer lives or has lived for the previous five (5) years.
  - All criminal background checks must be obtained directly and kept on file by the Subgrantee; background checks obtained/submitted by employees are not acceptable. The Subgrantee maintains responsibility to ensure that the background check data is accurate and current.
- Allowable expense

## CRIMINAL BACKGROUND CHECK CERTIFICATION

Revised 10/5/21

Fiscal Agent Organizations awarded the Extended Learning and Integrated Student Supports (ELISS) Competitive Grant must certify that all employees, direct-service contractors, and volunteers who work with the program have approved criminal background checks on file prior to their work with the program. In accordance with State ELISS guidelines, the organization's procedure regarding criminal background checks must meet the following requirements:

1. Must comply with the criminal background check policy and personnel procedures of the program feeder schools' district(s) [district is also referred to as the Local Education Agency (LEA)], or that of the Non-LEA Fiscal Agent Organization's governing board.
2. In the absence of a Fiscal Agent Organization's governing board policy, the Fiscal Agent Organization must obtain background checks that meet the following criteria at a minimum:
  - o Criminal background checks are run against national and state criminal databases, and must include the North Carolina Sex Offender Database, <http://sexoffender.ncsbi.gov/>, and the National Sex Offender database, <http://www.nsopr.gov/>.
  - o Criminal record checks must be completed and cleared for all new or existing employees, volunteers, or contractors prior to their interaction with children or handling of ELISS funds.
  - o Statewide criminal background checks must include all states in which the employee or volunteer lives or has lived for the previous five (5) years.
  - o All criminal background checks must be obtained directly and kept on file by the Fiscal Agent Organization; background checks obtained/submitted by employees are not acceptable. The Fiscal Agent Organization maintains responsibility to ensure that the background check data is accurate and current.
  - o All criminal background checks must include the following:
    - a) Date criminal history check was obtained;
    - b) Name of agency that completed criminal history check;
    - c) Name or identity code of the person who ran the background check; and
    - d) Results of the criminal history check (e.g. "no record," "record attached," etc.).
3. Each Fiscal Agent Organization has the authority to determine and manage its own personnel policies; however, individuals convicted of the following offenses are strictly prohibited from working with the ELISS Competitive Grant Program in any capacity:
  - o Felony (of any kind);
  - o Any offense involving sexual or physical abuse/neglect against a child.

# Conflict of Interest Agreement

Within the ELISS program, conflicts of interest could include:

- Employing immediate family members as contract labor for services.
- Having a program employee serve as a vendor.
- Purchasing supplies from a company in which a program employee has a financial interest.

## Extended Learning and Integrated Student Supports (ELISS): Conflict of Interest Agreement

ELISS Organization Name:

ELISS Organization Unit Number:

According to the general procurement standards, the non-Federal entity must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity. ([EDGAR 2 CFR §200.318](#))

Within the ELISS Competitive Grant Program, conflicts of interest could include:

- Employing immediate family members as contract labor for services.
- Having a program employee serve as a vendor.
- Purchasing supplies from a company in which a program employee has a financial interest.

**NOTE:** North Carolina General Statute (G.S. 115C-12.2) defines "immediate family member" as a spouse, parent, child, brother, sister, grandparent, or grandchild. The term also includes the step, half, and in-law relationships.

I agree and accept the above Conflict of Interest Agreement:
